IRS issues standard mileage rates for 2022

IR-2021-251, December 17, 2021

WASHINGTON — The Internal Revenue Service today issued the 2022 optional standard mileage rates used to calculate the deductible costs of operating an automobile for business, charitable, medical or moving purposes.

Beginning on January 1, 2022, the standard mileage rates for the use of a car (also vans, pickups or panel trucks) will be:

- 58.5 cents per mile driven for business use, up 2.5 cents from the rate for 2021,
- 18 cents per mile driven for medical, or moving purposes for qualified active-duty members of the Armed Forces, up 2 cents from the rate for 2021 and
- 14 cents per mile driven in service of charitable organizations; the rate is set by statute and remains unchanged from 2021.

The standard mileage rate for business use is based on an annual study of the fixed and variable costs of operating an automobile. The rate for medical and moving purposes is based on the variable costs.

It is important to note that under the Tax Cuts and Jobs Act, taxpayers cannot claim a miscellaneous itemized deduction for unreimbursed employee travel expenses. Taxpayers also cannot claim a deduction for moving expenses, unless they are members of the Armed Forces on active duty moving under orders to a permanent change of station. For more details see [Moving Expenses for Members of the Armed Forces](#).

Taxpayers always have the option of calculating the actual costs of using their vehicle rather than using the standard mileage rates.

Taxpayers can use the standard mileage rate but must opt to use it in the first year the car is available for business use. Then, in later years, they can choose either the standard mileage rate or actual expenses. Leased vehicles must use the standard mileage rate method for the entire lease period (including renewals) if the standard mileage rate is chosen.

[Notice 22-03](#) [PDF](#), contains the optional 2022 standard mileage rates, as well as the maximum automobile cost used to calculate the allowance under a fixed and variable rate (FAVR) plan. In addition, the notice provides the maximum fair market value of employer-provided automobiles first made available to employees for personal use in calendar year 2022 for which employers may use the fleet-average valuation rule in or the vehicle cents-per-mile valuation rule.

201 – COMPENSATION

Compensation for use of personal vehicles on county business shall be made at the current January IRS rate of \$.56 cents per mile. Meals shall be reimbursed at the rate of \$10 for breakfast, \$15 for lunch and \$25 for supper with a maximum amount of \$50 per day; or with the amount not to exceed \$50 per day if at a conference. A per diem of \$40.00 per meeting shall be paid to each commissioner. **Conferences do not constitute as meetings. A conference is defined as having to register to attend and pay a registration fee.**

201 (a) – COMPENSATION FOR COUNTY ROAD COMMISSION MEMBERS
